GOOD FAITH AND CANDOR LETTER
REGARDING PATENT TERM ADJUSTMENT

The Applicants respectfully note that the patent term adjustment calculation appears to award an excessive term adjustment to the Applicants.

The Applicants believe the correct patent term adjustment calculation is 664 days, which includes:

- +640 days for the time between 14 months from filing and the first official action;
- -3 days for the Applicants' response (received on January 18, 2005) to the October

15, 2004 Office Action;

- +34 days for the issuance of the next Office Action on June 21, 2005, which was more than four months after the Applicants' response was received on January 18, 2005;
- -2 days for the Applicants' response (received on September 23, 2005) to the June 21, 2005 Office Action;
- -5 days for the Applicants' response (received on March 6, 2006) to the December 1, 2005 Office Action; and
- +0 days for the issuance of the next Office Action on June 19, 2006 (within four months of the Applicants' response received on March 6, 2006).

The Applicants respectfully request correction of the patent term adjustment calculation, as well as an opportunity to review any new patent term adjustment calculation.

The Commissioner is hereby authorized to charge any fees connected with this communication or credit any overpayment to Deposit Account No. 50-0208.
